

StoDesign  
**AC – Architectural Colours**  
Colour shade ranges

## AC - Architectural Colours

AC – Architectural Colours - is the colour range by StoDesign with 300 colour shades for modern architectural colour design and is the ideal supplement to the tried and tested StoColor System with its 800 colour shades.

The colour choice for the AC collection focuses on durability and material-related colour schemes in the tradition of the mineral colour charts by Sto.

AC – Architectural Colours Fan
